This is very probably on financial grounds The figures proposed by the Munic: Council in the Budget for 1911-1912 are as follows:-

Opening balance =	22379
Probable receipts =	13,816
Total =	36,195
Probable expenditure =	16,353
Closing balance =	19,842

Here the expenditure exceeds the means As a qualified hand to look after the sanitation of the town is however very necessary, draft order sanctioning the Deputy Commissioner's recommendation as submitted for it will have to be consulted.

Sir,

With reference to your docket No. 8626/M.L. 61-10-18 dated 21st. April 1911 re. the entertainment of an Assistant Sanitary Inspector for the Nanjangud Municipality, I have the honor to state that the present Sanitary Inspector's pay is debitable entirely to District Funds as his services are solely required for duty in the Nanjangud Taluk.

As the Nanjangud Town is a Municipality ~~it is deemed~~ of some importance, it is deemed necessary that an Assistant Sanitary Inspector should be exclusively appointed for sanitation and other works connected with the Municipality. The Taluk being comparatively a big one, the present Sanitary Inspector cannot be expected to give his undivided attention to sanitation of the Municipal Town which is visited by many pilgrims almost throughout the year. The town being visited by plague almost every year, it is essential that sanitation of the Town should be better supervised to check the spread of the disease as far as possible. I request therefore that Government may be pleased to sanction the entertainment of an Assistant Sanitary Inspector for duty in the Nanjangud Municipality, his pay being debited to the Municipal Funds of that Municipality alone.

An extract from the proceedings of the District Board meeting of the 5th. ultimo is herewith submitted.
